

# Nursing Science Society

*A message from the NSS President...*

**Hello and Congratulations, Nursing Class of 2019!**

My name is Alexandra Palmeri, and it is a great honour and privilege to be your 2015 President of the Queen's Nursing Science Society (NSS). The NSS is the student government within the School of Nursing (SON) that works to represent nursing students on a number of different levels to the University, the Faculty of Health Sciences (FHS), and the Alma Mater Society (AMS- the overarching student government at Queen's). The Society also plans conferences, workshops, spirit weeks, BBQs, fundraisers, formals, and nursing clothing orders. We strive to help provide you with unique opportunities that foster your professional development, strengthen your health & well-being, ignite your ability to give back to worthy causes, and encourage your growth as Undergraduate students.

If you're reading this, it means that you are one step closer to officially becoming a part of the Queen's Nursing Family. I cannot even begin to explain how excited the NSS, SON staff & faculty, and your orientation leaders are to meet you!

As you sit reading your Orientation handbook cover-to-cover, I hope you will be inspired by the amazing journey that lies ahead. Here at Queen's, we pride ourselves for not only being an institution of academic excellence, but one of endless out-of-classroom opportunity. Over the years, I hope you will take advantage of your Queen's experience and find your passions. I hope you will get involved in such a way that helps you to fuel and nurture your future nursing career. I hope you truly find joy in your time here at Queen's!

Always remember that the NSS is here for you! Our team has members specializing in all different areas to look after each of your needs, and we hope that you will reach out whenever we can help lend a hand. Keep your eyes peeled- there are so many ways for you to get involved with the NSS!

You can do anything you put your mind to, Nursing Class of 2019... **WELCOME TO THE QUEEN'S NURSING FAMILY!**
